

2010 China-Ireland International Conference on Information and Communications Technologies(CIICT2010)

October 10-11, 2010, Wuhan, China

www.scirp.org/conf/ciict2010/

The CIICT2010 organizers invite authors to submit papers describing original research in all areas of Information and Communications Technologies. **All accepted papers will be indexed with IET's INSPEC (online through EI Engineering Village).**

Topics of interest include, but are not limited to:

- Artificial Intelligence
- Bioinformatics
- Broadband Networking
- Circuits and Systems
- Communications and Networks
- Computer Graphics and Computer Vision
- Context-aware Computing and Location based Services
- Control Systems
- Data Mining
- e-Learning
- Engineering Applications
- Evolutionary Computation
- Fuzzy Systems
- Geocomputational Algorithms
- Grid Computing
- Geostatistics and Spatial Simulation
- I.C. Design & EDA
- Information Systems
- Intelligent Transportation Systems
- Knowledge Discovery
- Man-Machine Cooperation
- Microwave & EMC
- Modelling & Scientific Computing
- Multi-Agent Systems
- Multimedia Applications
- Natural Language Processing
- Neural Networks
- Novel Computer Applications
- Optics and Optoelectronics
- Robotics
- Security & Encryption
- Sensor Networks and Spatial Sensors
- Signal Processing
- Software Engineering
- Spatial Network Modelling and Topological Analysis
- Virtual Reality
- Virtual Reality and Game Technology
- Web Intelligence

E-mail: ciict@scirp.org

Important Dates

Paper submission due : **Aug. 8, 2010**

Acceptance notification : **Aug. 18, 2010**

Conference : **Oct. 10-11, 2010**
