Special Issue on Fruit & Vegetable

Call for Papers

Fruits and vegetables contain important vitamins, minerals and plant chemicals. They also contain fibre. There are many varieties of fruit and vegetables available and many ways to prepare, cook and serve them. A diet high in fruit and vegetables can help protect you against cancer, diabetes and heart disease.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring fruit & vegetable. Potential topics include, but are not limited to:

- Fruit & Vegetable planting and production
- Types of fruit & vegetable
- Vitamins and minerals in fruit and vegetables
- Fruit & Vegetable consumption and trade
- Fruit & Vegetable for good health
- Fruit & Vegetable and protection against diseases

Authors should read over the journal’s Authors’ Guidelines carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at Paper Submission System.

Please kindly specify the “Special Issue” under your manuscript title. The research field “Special Issue – Fruit & Vegetable” should be selected during your submission.
