Special Issue on

Clinical Pathology and Laboratory Medicine

Call for Papers

Clinical Pathology and Laboratory Medicine is concerned with the diagnosis of disease based on the laboratory analysis of bodily fluids, such as blood, urine, and tissue homogenates or extracts using the tools of chemistry, microbiology, hematology and molecular pathology.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on Clinical Pathology and Laboratory Medicine. Potential topics include, but are not limited to:

- Clinical chemistry
- Clinical biochemistry
- Clinical microbiology
- Molecular pathology and diagnosis
- Therapeutic drug monitoring and toxicology
- Hematopathology
- Cytogenetics
- Immunoassays
- HPLC analysis in medicine
- Gas chromatography/mass spectrometry and clinical practice
- Biomarkers of pathogenesis

Authors should read over the journal’s For Authors carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal’s Paper Submission System.

Please kindly notice that the “Special Issue” under your manuscript title is supposed to be specified and the research field “Special Issue – Clinical Pathology and Laboratory Medicine” should be chosen during your submission.
