

Special Issue on Organic Natural Products

Call for Papers

Organic Natural Products are the chemical compounds found in nature that usually has a pharmacological or biological activity for use in pharmaceutical drug discovery and drug design. As a natural combinatorial chemistry library it contains diverse chemical structures and biological activities.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Organic Natural Products**. Potential topics include, but are not limited to:

- Natural products synthesis
- Phytochemistry
- Natural medicine
- Biologically active natural products
- Technology of extraction, separation and purification
- Technology of biological transformation
- Analysis and structure determination
- Synthesis of new natural compound
- Semiochemicals such as alleomones and kairomones

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Organic Natural Products**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	December 20th, 2016
Publication Date	February 2017
