Announcement from Editorial Board

The following article has been retracted due to the investigation of complaints received against it. The Editorial Board found that substantial portions of the text came from other published papers. The scientific community takes a very strong view on this matter, and the Journal of Biomedical Science and Engineering treats all unethical behavior such as plagiarism seriously. This paper published in Vol.7 No.12, 963-972 (pages), 2014, has been removed from this site. The Corresponding author of this paper is Alaa Eldeen Mahmoud Helal and he has the complete responsibility of this situation.

Title: An Efficient Method for Epileptic Seizure Detection in Long-Term EEG Recordings
Authors: Alaa Eldeen Mahmoud Helal, Ahmed Farag Seddik, Mohammed Ali Eldosoky, Ayat Allah Farouk Hussein
