**Open Journal of Gastroenterology (OJGas)** is an international journal dedicated to the latest advancement of Gastroenterology. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of Gastroenterology. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy.

## Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Abdominal Gastroenterology
- Anorectal Disorders
- Bezoars & Foreign Bodies
- Diverticular Disease
- Esophageal Disorders
- Gastric & Peptic Disorders
- Gastroenteritis
- GI Bleeding
- GI Diagnostics
- Hepatic Disorders
- Inflammatory Bowel Disease
- Irritable Bowel Syndrome
- Lower GI Complaints
- Malabsorption Syndrome
- Nutrition
- Pancreatitis
- Tumors of the GI Tract
- Upper GI Complaints

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the OJGas.

## *What is SCIRP?*

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

## What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
