Advances in Physical Education (APE) is an international journal dedicated to the latest advancement of physical education. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in different areas of physical education.

Editor-in-Chief

Prof. Stephen A. Wallace

San Francisco State University, USA

Subject Coverage

This journal invites original research and review papers that address the following issues in physical education. Topics of interest include, but are not limited to:

- Athletics and outdoor sports
- Biomechanics
- Exercise physiology
- Health education
- History of kinesiology
- History of physical education
- Human anatomy
- Human physiology
- Indoor and outdoor sports
- Motor control
- Motor development
- Motor learning
- National traditional sports
- PE learning outcomes
- PE pedagogy
- PE teachers career
- PE teachers working lives
- Philosophy of physical education, dance, sport and kinesiology
- Physical activity
- Sports health care
- Sports humanistic sociology
- Sports psychology
- Sports science
- Sports statistics
- Sports training study

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the *APE*.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
