

Table of Contents

Volume 4 Number 1

March 2015

Rainy/Non-Rainy Day Pattern Analysis for North Carolina

A. W. Islam.....1

Collecting Statistical Methods for the Analysis of Climate Data as Service for Adaptation Projects

B. Hennemuth, S. Bender, K. Bülow, N. Dreier, P. Hoffmann, E. Keup-Thiel, C. Mudersbach.....9

A Study of Precipitation Climatology and Its Variability over Europe Using an Advanced Regional Model (WRF)

H. P. Dasari, V. S. Challa.....22

Climate and Epidemiology of Malaria in Port Harcourt Region, Nigeria

V. E. Welj, S. I. Efe.....40

Assessing Crop Yield Sustainability under the Climatic and Bioclimatic Change in the Area of Palestine

J. M. H. Ighbareyeh, A. Cano-Ortiz, E. C. Carmona, M. M. H. Ighbareyeh, A. A. A. Suliemeh.....48

Studies of Climate Change with Statistical-Dynamical Models: A Review

S. H. Franchito, V. B. Rao.....57

Restructuring the Reduced Emissions from Deforestation and Forest Degradation (REDD+) Mechanism for a Post Kyoto Agreement

K. Pillay, L. F. Ramsay.....69

Assessment of Climate Change Impact on Water Resources in the Upper Senegal Basin (West Africa)

M. L. Mbaye, S. Hagemann, A. Haensler, T. Stacked, A. T. Gaye, A. Afouda.....77

NARCCAP Model Skill and Bias for the Southeast United States

E. D. Kabela, G. J. Carbone.....94

Winter-Spring Precipitation Variability in Pakistan

I. Ahmad, R. Ambreen, Z. B. Sun, W. T. Deng.....115

Assessment of CMIP3-CMIP5 Climate Models Precipitation Projection and Implication of Flood Vulnerability of Bangkok

S. Supharatid.....140
