

Table of Contents

Volume 4 Number 7

July 2016

Role of the ACTH/MC2R System in the Hair Cycle in Mice

K. Hiramoto, K. Orita, Y. Yamate, E. Kasahara.....1

Molecular Basis of Hypertension: A Systematic Review on the Role of Metal Ions for Increase Prevalence of Hypertension in India

K. B. Singh.....12

Elevated Linoleic Acid (A Pro-Inflammatory PUFA) and Liver Injury in a Treatment Naive HIV-HCV Co-Infected Alcohol Dependent Patient

V. Vatsalya, S. S. Barve, C. J. McClain, V. A. Ramchandani.....23

Role of the Metabolic Minor Components in the Regulation of Intermolecular Interaction

F. Gilmiyarova, N. Kolotyeva, V. Radomskaya, O. Gusyakova, I. Gorbacheva, V. Potekhina.....28

Diagnostics of Sensory Ataxia in Patients with Sensory Predominant Chronic Inflammatory Demyelinating Polyneuropathy from Republic of Sakha (Yakutia) and Krasnoyarsk Region

T. E. Popova, N. A. Shnayder, M. M. Petrova, A. A. Tappakhov, T. Ya. Nikolaeva, E. E. Konnikova.....36

Esophageal Cancer Patients with Less Lymph Node Dissection May Have Better Prognosis

H. N. Wang, Y. Jia, C. X. Dang, K. Zhu, K. Li.....45

Meis1 Is Required for c-Met Inhibition to Suppress Cell Proliferation of Skin Squamous Cell Carcinoma Cells

M. Saito, K. Okumura, Y. Yoshizawa, H. Munakata, E. Isogai, Y. Wakabayashi.....53

A Totally Absorbable Multilayer PLGA Implant Device Containing Doxorubicin Inhibited Tumor Growth and Metastasis without Systemic Toxicity in Murine Breast Cancer and an Ideal Pharmacological Paradigm for Regional Chemotherapy

B. Elzey, S. Torregrosa-Allen, P. Li, B. Ramsey, M. Shaw.....66

Role of α -Tubulin Acetylation and Protein Kinase D2 Ser/Tyr Phosphorylation in Modulation by Ghrelin of *Porphyromonas gingivalis*-Induced Enhancement in Matrix Metalloproteinase-9 (MMP-9) Secretion by Salivary Gland Cells

B. L. Slomiany, A. Slomiany.....82

Antimicrobial Activity of Purified Toxins from Yellow Wasp *Polistes flavus* (Vespidae) against Certain Bacteria and Fungi

K. K. Prajapati, R. K. Upadhyay.....95

New Sulfonamides Derived from Carvacrol: Compounds with High Antibacterial Activity against Resistant *Staphylococcus aureus* Strains

A. S. de Oliveira, L. C. Llanes, I. M. C. Brighente, R. J. Nunes, R. A. Yunes, N. Máximo Jr., A. M. K. Baumgart,
A. N. Aust, A. B. Cruz.....105
