

Announcement from Editorial Board

The following article has been retracted due to the investigation of complaints received against it. The Editorial Board found that substantial portions of the text came from other published paper. Comparing with the paper published in *International Journal of Engineering, Science and Technology* Vol. 3, No. 4, 2011, pp. 82-88 (www.ijest-nq.com), these two papers have the same contents before Figure 7 and the author added Fig. 8, 9, 10 on the 2012 paper. The scientific community takes a very strong view on this matter, and the *Journal of Minerals and Materials Characterization and Engineering (JMMCE)* treats all unethical behavior seriously. This paper published in **Vol.11 No.5, 529-541, 2012** has been removed from this site.

Title: Production and Characterization of Nano Structured Silicon Carbide by High Energy Ball Milling

Authors: J. Babu Rao, Dil Kush and NRMR Bhargava

JMMCE Editorial Board
October 27, 2014
