

Special Issue on Deviant Behavior

Call for Papers

Deviant behavior is the behavior that does not adhere to widely-accepted social or cultural norms. There are many different theories on what causes a person to perform deviant behavior. The deviance can be viewed from psychological, biological, and sociological perspectives.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Deviant Behavior**. Potential topics include, but are not limited to:

- Strain theory
- Symbolic interaction
- Neutralization theory
- Labeling theory
- Conflict theory
- Biological theories of deviance
- Social control theory

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Deviant Behavior**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	August 31st, 2016
Publication Date	October 2016
