## Special Issue on Climate Change Impacts, Adaptation and Mitigation

### Call for Papers

The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in this area of **climate change impacts, adaptation and mitigation**.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **climate change impacts, adaptation and mitigation**. In this special issue, potential topics include, but are not limited to:

- Potential impacts of climate change on water resources
- Potential impacts of climate change on coastal and marine
- Potential impacts of climate change on fish and wildlife
- Potential impacts of climate change on human health
- Potential impacts of climate change on ecological system
- Mitigation and adaptation policies

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Climate Change Impacts, Adaptation and Mitigation**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	December 14th, 2016
Publication Date	February 2017

#### Guest Editor:

Prof. John C. Moore, University of Lapland, Finland
