Conference on Mathematics and System Science (MSS 2013)

Conference Program Committee

TPC

Dr. Mohamed K. El-Daou	College of Technological Studies, Kuwait
Prof. Kewen Zhao	University of Qiongzhou, China
Prof. Stanislaw Migorski	Jagiellonian University in Krakow, Poland
Prof. Nickolas S. Sapidis	University of Western Macedonia, Greece
Prof. Massimiliano Caramia	University of Rome Tor Vergata, Italy
Prof. Zou Jun	The Chinese University of Hong Kong, Hong Kong (China)
Prof. Wanyang Dai	Nanjing University, China
Prof. Michael McAleer	Erasmus University Rotterdam, Netherlands
Prof. Aziz Belmiloudi	Institute of Mathematical Research of Rennes, France
Prof. David Greenhalgh	University of Strathclyde, UK
Prof. Mikhail Sumin	Nizhnii Novgorod State University, Russia
Prof. Hai Q. Dinh	Kent State University, USA
Prof. Evgeny Demekhin	Moscow State University, Russia

TABLE OF CONTENTS

Volume 3 Number 3B

September 2013

Hierarchical Linear Model of Monthly Rainfall with Regional and Seasonal Interaction Effects

Y. H. Zhu, H. T. Lu, Z. L. Zhu.....1

Simplified Optimization Routine for Tuning Robust Fractional Order Controllers

C. I. Muresan.....7

Full-waveform Velocity Inversion Based on the Acoustic Wave Equation

W. S. Zhang, J. Luo.....13

Frequency-domain Elastic wave Simulation Based on the Nonoverlapping Domain Decomposition Method

W. S. Zhang, Y. Y. Dai.....21

Complete Solutions to Mixed Integer Programming

N. Ruan.....27

The Series of Reciprocals of Non-central Binomial Coefficients

L. P. Zhang, W. H. Ji.....31

Reduction in Complexity of the Algorithm by Increasing the Used Memory - An Example

L. Kugel, V. A. Gotlib.....38

Means of Choice for Interactive Management of Dynamic Geometry Problems Based on Instrumented Behaviour

P. R. Richard, M. Gagnon, J. M. Fortuny.....41

The Planar Ramsey Numbers $PR(K_4-e, K_l)$

Y. Q. Sun, Y. L. Wu, R. Zhang, Y. S. Yang.....52

Differential Games of Pursuing in the Systems with Distributed Parameters and Geometrical Restrictions

M. Sh. Mamatov, E. B. Tashmanov, H. N. Alimov.....56

American Journal of Computational Mathematics (AJCM)

SUBSCRIPTIONS

The *American Journal of Computational Mathematics* (Online at Scientific Research Publishing, www.SciRP.org) is published quarterly by Scientific Research Publishing, Inc., USA.

Subscription rates:

Print: \$59 per issue.

To subscribe, please contact Journals Subscriptions Department, E-mail: sub@scirp.org

SERVICES

Advertisements

American Journal of Computational Mathematics (AJCM)

ISSN: 2161-1203(Print) 2161-1211(Online)
<http://www.scirp.org/journal/ajcm>

American Journal of Computational Mathematics (AJCM) is a journal dedicated to providing a platform for publication of articles about mathematical research in areas of science where computing plays a central and essential role emphasizing algorithms, numerical methods, and symbolic methods.

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

- Computational Geometry
- Computational Linguistics
- Computational Science
- Computer-Assisted Research
- Computer Simulation
- Mathematics of Scientific Computation
- Numerical Methods
- Stochastic Methods
- Symbolic Computation and Computer Algebra Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of *American Journal of Computational Mathematics*.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
