

TABLE OF CONTENTS

Volume 4 Number 2A

February 2013

Cadmium Accumulation in <i>Marsilea minuta</i> Linn. and Its Antioxidative Responses	
K. Das, C. Mandal, N. Ghosh, N. Dey, M. K. Adak.....	365
Conventional and Molecular Approaches towards Genetic Improvement in Pigeonpea for Insects Resistance	
A. K. Choudhary, R. S. Rajee, S. Datta, R. Sultana, T. Ontagodi.....	372
Generalist versus Specialist Herbivores on the Invasive <i>Senecio inaequidens</i> and a Native Related Species: What Makes the Difference?	
A.-L. Jacquemart, V. Vanparys, P. Meerts.....	386
Eriophyoid Mite of the Genus <i>Trisetacus</i> Reported on <i>Juniperus excelsa</i> in Lebanon	
B. Douaihy, P. E. Chetverikov, N. Machon, M. B. Dagher-Kharrat.....	395
Insight to the Mode of Action of <i>Allium sativum</i> Leaf Agglutinin (ASAL) Expressing in T₃ Rice Lines on Brown Planthopper	
A. Bala, A. Roy, N. Behura, D. Hess, S. Das.....	400
Characterization of a Highly Potent Insecticidal Lectin from <i>Colocasia esculenta</i> Tuber and Cloning of Its Coding Sequence	
A. Das, A. Roy, D. Hess, S. Das.....	408
Functional Analysis of a Wilt Fungus Inducible <i>PR10-1</i> Gene from Cotton	
L. J. Chen, N. Sun, J. Wang, H. Ling, L. Zhang, K. J. Zuo.....	417
Physiological Response of Halophyte (<i>Suaeda altissima</i> (L.) Pall.) and Glycophyte (<i>Spinacia oleracea</i> L.) to Salinity	
N. R. Meychik, Y. I. Nikolaeva, I. P. Yermakov.....	427
The Relationship of the Sapstreak Fungus, <i>Ceratocystis virescens</i>, to Sugar Maple Dieback and Decay in Northern Michigan	
T. L. Bal, D. L. Richter, A. J. Storer, M. F. Jurgensen.....	436
Rapid <i>In-Vitro</i> and <i>In-Vivo</i> Detection of <i>Chalara fraxinea</i> by Means of Mass Spectrometric Techniques	
T. L. H. Pham, I. Zaspel, M. Schuemann, H. Stephanowitz, E. Krause.....	444
Effect of Dai-Saiko-To (Da-Chai-Hu-Tang) on LDL-Receptor Gene Expression in Human Hepatoma Cell Line (HepG2)	
A. Iizuka, F. Yoshie, S. Amagaya, T. Yasuda, M. Iizuka, H. Yamaguchi, S. Nagumo, K. Kondo.....	454
Only Attract Ants? The Versatility of Petiolar Extrafloral Nectaries in <i>Passiflora</i>	
P. Cardoso-Gustavson, N. L. Andrezza, A. C. H. F. Sawaya, M. de Moraes Castro.....	460
Revealing an Endemic Herbivore-Palm Interaction in Remote Desert Oases of Baja California	
E. V. Wehncke, X. López-Medellín, M. Wall, E. Ezcurra.....	470

The figure on the front cover is from the article published in American Journal of Plant Sciences, 2013, Vol. 4, No. 2A, pp. 460-469 by Poliana Cardoso-Gustavson, *et al.*
