

Table of Contents

Volume 9 Number 2

February 2018

Application of Interval Valued Fuzzy Linear Programming for Stock Portfolio Optimization

D. Y. Yin.....101

On Quaternionic 3 CR -Structure and Pseudo-Riemannian Metric

Y. Kamishima.....114

Comparison between the Homotopy Perturbation Method and Homotopy Perturbation Transform Method

M. Elbadri.....130

Cross-Correlation of Station-to-Station Free Surface Elevation Time Series for Breaking Water Waves

R. Mukaro.....138

Effect of Parameters on $\text{Geo}^a/\text{Geo}^b/1$ Queues: Theoretical Analysis and Simulation Results

A. Lorente, M. S. Sánchez.....153

An Empirical Study on Fuzzy Comprehensive Evaluation of Red Tourism Resources Based on AHP

R. Hu, C. F. Zhang.....171

Point Transformations and Relationships among Linear Anomalous Diffusion, Normal Diffusion and the Central Limit Theorem

D. Kouri, N. Pandya, C. L. Williams, B. G. Bodmann, J. Yao.....178
