

Special Issue on Sport and Physical Education

Call for Papers

Sport refers to any form of competitive physical activity or game that aims to use, maintain, or improve physical ability and skills while providing pleasure or enjoyment to participants or spectators. Sports can improve our physical health. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of Sport and Physical Education.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Sport and Physical Education**. Potential topics include, but are not limited to:

- Basketball
- Bowling
- Football
- Swimming
- Volleyball
- Wrestling
- Gymnastics
- Motor abilities
- Coordinative abilities
- Sports skills
- Sports performance
- Physical activity
- Physical fitness
- Sports and education

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Sport and Physical Education**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	April 28th, 2023
---------------------	------------------

Publication Date	May 2023
------------------	----------
