

Special Issue on Culture and Education

Call for Papers

Culture is the social behavior of any society which has their own trends and values. Every society has its own way of living life and lifestyle. Culture focuses on the knowledge of ethics, norms, traditions etc. Education teaches about the social and cultural values. Education prepares the students for deals with cultural ethics and norms.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Culture and Education**. Potential topics include, but are not limited to:

- Intercultural and multicultural education
- Education and cultural development /change
- School culture and climate
- Education, culture, and society
- Cultural education
- Role of education in culture transmission
- Social value and ethics
- Religious education
- Education for minority and immigrant
- Globalization and education
- International study and culture diversity
- Culture and social interactions

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Culture and Education**” should be chosen during your submission.
