

Special Issue on Education and Skills Development

Call for Papers

In education, skills refers to a broad set of knowledge, skills, work habits, and character traits, which is critically important to success in today's world.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Education and Skills Development**. Potential topics include, but are not limited to:

- Learning skills and strategies
- Cognitive skills and abilities
- Teaching skills and effective teaching
- Critical thinking skills
- Collaboration and innovation
- Problem solving skills
- Language skills development
- Interpersonal and communication skills
- Social skills
- Academic skill for success
- Developmental skills of children and adolescent
- Skills development for inclusive and sustainable growth
- Technical education
- Lifelong learning and skills development
- Vocational education and training

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Education and Skills Development**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	June 30th, 2022
Publication Date	August 2022
