

Special Issue on Health Services Management and Policy

Call for Papers

Health services management is the field relating to leadership, management, and administration of public health systems, health care systems, hospitals, and hospital networks in all the primary, secondary, and tertiary sectors.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Health Services Management and Policy**. Potential topics include, but are not limited to:

- Health administration
- Public health policy and management
- Healthcare policy and reform
- Healthcare innovation
- Hospital management
- Service quality improvement
- Evaluation of health services
- Health outcomes and evaluation
- Quantitative methods in health management
- Performance measurement for health systems
- Clinical governance
- Community health management
- Health information management systems
- Healthcare management & leadership
- Health economics and financing
- Health and social services

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Health Services Management and Policy**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	April 4th, 2022
Publication Date	June 2022

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrancel@scirp.org
