

Special Issue on
Current Diagnosis and Treatment in Pulmonary Medicine
Call for Papers

Pulmonary medicine is the branch of medicine that deals with the causes, diagnosis, prevention and treatment of diseases affecting the lungs. In this special issue, we invite front-line researchers and authors to submit original research and review articles that explore **pulmonary medicine**. Potential topics include, but are not limited to:

- Asthma
- ARDS (acute respiratory distress syndrome)
- COPD (chronic obstructive pulmonary disease)
- Interstitial lung disease
- Lung transplants
- Occupational lung disease
- Pulmonary tuberculosis
- Pulmonary hypertension
- Severe acute respiratory syndrome
- Sarcoidosis of the lungs

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue - Current Diagnosis and Treatment in Pulmonary Medicine**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	April 21st, 2015
Publication Date	June 2015
