

Special Issue on Traumatology

Call for Papers

Traumatology is a branch of medicine that deals with wounds, injuries, and disabilities caused by accidents or violence, and the surgical therapy and repair of the damage.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Traumatology**. Potential topics include, but are not limited to:

- Acute lung injury
- Blunt trauma
- Burns
- Head injury
- Spinal cord injury
- Traumatic surgery
- Wound healing

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Traumatology**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	October 25th, 2016
Publication Date	December 2016
