## Table of Contents

**Volume 9    Number 2    June 2019**

**Synthesis of Novel 4-Thiazolidinone and Bis-Thiazalidin-4-One Derivatives Derived from 4-Amino-Antipyrine and Evaluated as Inhibition of Purine Metabolism Enzymes by Bacteria**

R. M. A. Rahman, A. S. Alharbi, N. A. Alshammari ............................................................... 85

**Progress toward the Synthesis of Pochonin J**

S. N. Jackson, R. Pongdee ........................................................................................................ 96
International Journal of Organic Chemistry (IJOC) is an international, specialized, English-language journal devoted to publication of original contributions concerning all fields of organic chemistry. It is an open-access, peer-reviewed journal describing the synthetic approached and the design of new molecules for applications in medicinal chemistry, but also for the synthesis of precursors for new materials (solid or liquid) that have an interest in materials sciences and nanotechnology, homogeneous and heterogeneous catalysis.

Subject Coverage
Contributions that concerns with analytical characterization, advanced techniques and the studies of properties for new synthesized molecules will also be highlighted. All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Fluorescent Molecules and Dyes
- Organic Reaction Mechanism
- Stereochemistry
- Functional Groups in Compounds
- Organic Spectrum
- Surfactants among Others
- Organic Analysis
- Organic Synthesis
- Synthesis of Reagents
- Organic Chemistry Reaction
- Organo-Metallics
- Organic Compounds
- Polymers

The journal publishes the highest quality original full articles, communications, notes, reviews, special issues and books, covering both the experimental and theoretical aspects of organic chemistry.

Notes for Intending Authors
Papers are acceptable provided they report important findings, novel insights or useful techniques within the scope of the journal. All manuscript must be prepared in English, and are subjected to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by prints in hard copy. It will be available through http://www.scirp.org/journal/ijoc.
