

## Special Issue on Rheumatoid Arthritis

### Call for Papers

**Rheumatoid Arthritis** is one of the most common autoimmune arthritis that affects more than the joints. Though many researchers have been dedicating to research on this kind of disease, the cause of it is not yet fully understood and there is no cure for this disease at present.

In this special issue, we intend to invite front-line researchers and authors to submit original research, case reports and review articles on exploring **Rheumatoid Arthritis**. Potential topics include, but are not limited to:

- Diagnosing of rheumatoid arthritis
- Treatment of rheumatoid arthritis
- Other related diseases with rheumatoid arthritis
- Pharmacology on rheumatoid arthritis
- Self-management on rheumatoid arthritis
- Future expectations on rheumatoid arthritis

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Rheumatoid Arthritis**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	July 27 <sup>th</sup> , 2017
Publication Date	September 2017
