

Special Issue on Mathematics in Computer Science

Call for Papers

Mathematics is at the foundation of many different areas. Mathematics in Computer Science refers to applying mathematical analytical and problem-solving skills in computer science.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Mathematics in Computer Science**. Potential topics include, but are not limited to:

- Computing algorithm
- Computational geometry
- Algorithms and data structures
- Computer calculations
- Algebraic approach
- Topological analysis
- Differential equations
- Theory of computation
- Parametric search
- Function analysis

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Mathematics in Computer Science**” should be chosen during your submission.

According to the following timetable:

| | |
|---------------------|------------------|
| Submission Deadline | March 24th, 2020 |
| Publication Date | May 2020 |

For publishing inquiries, please feel free to contact the Editorial Assistant at submission.entrancel@scirp.org
