

Special Issue on Breast Cancer

Call for Papers

Breast cancer is cancer that starts in breast tissue. It is the most common invasive cancer in females worldwide. Signs of breast cancer may include a lump in the breast, change in breast size or shape, skin dimpling or skin changes, nipple abnormalities, bone pain, swollen lymph nodes, shortness of breath and so on.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Breast Cancer**. Potential topics include, but are not limited to:

- BRCA1
- BRCA2
- Mastectomy
- Ductal carcinoma in situ
- Invasive ductal carcinoma
- Invasive lobular carcinoma
- Inflammatory breast cancer
- Papillary carcinoma

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Breast Cancer**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	September 22nd, 2017
Publication Date	November 2017
