Editor-in-Chief
Prof. Yashwant K. Malaiya Colorado State University, USA

Editorial Board (According to Alphabet)

Dr. Nicoletta Adamo-Villani Purdue University, USA
Prof. M. G. J. van den Brand Eindhoven University of Technology, Netherlands
Prof. Kuang-Hua Chang The University of Oklahoma, USA
Dr. Calvin Yu-Chian Chen China Medical University, China
Dr. Kim-Kwang Raymond Choo University of South Australia, Australia
Prof. Steven A. Demurjian The University of Connecticut, USA
Dr. Phan H. Giang University of Kansas, USA
Dr. Zonghua Gu Zhejiang University, China
Dr. Nabil Hameurlain University of Pau, France
Dr. Wolfgang Herzner Austrian Institute of Technology, Austria
Dr. Jacky Wai Keung The Hong Kong Polytechnic University, China
Dr. Mitsuhiko Kimura Hosei University, Japan
Prof. Chang-Hwan Lee Dongguk University, South Korea
Prof. Anthony F. Norcio University of Maryland, USA
Prof. Janche Sang Cleveland State University, USA
Prof. Midthe V. Srinath Mahendra Engineering College, India
Dr. Eliot Winer The Iowa State University, USA
Prof. Xin Yuan Florida State University, USA
# TABLE OF CONTENTS

**Volume 6  Number 7**  
**July 2013**

<table>
<thead>
<tr>
<th>Title</th>
<th>Authors</th>
<th>Pages</th>
</tr>

PRODUCTION INFORMATION

For manuscripts that have been accepted for publication, please contact:
E-mail: jsea@scirp.org
Journal of Software Engineering and Applications (JSEA)

ISSN 1945-3116 (print)    ISSN 1945-3124 (online)
www.scirp.org/journal/jsea

JSEA publishes four categories of original technical articles: papers, communications, reviews, and discussions. Papers are well-documented final reports of research projects. Communications are shorter and contain noteworthy items of technical interest or ideas required rapid publication. Reviews are synoptic papers on a subject of general interest, with ample literature references, and written for readers with widely varying background. Discussions on published reports, with author rebuttals, form the fourth category of JSEA publications.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Automated Software Design and Synthesis
- Automated Software Specification
- Component-Based Software Engineering
- Computer-Supported Cooperative Work
- Formal Methods
- Knowledge Acquisition
- Object-Oriented Technology
- Patterns and Frameworks
- Process and Workflow Management
- Program Understanding Issues
- Programming Languages and Software Engineering
- Reflection and Metadata Approaches
- Reliability and Fault Tolerance
- Requirements Engineering
- Reverse Engineering
- Software Architecture
- Software Design Methods
- Software Domain Modeling and Meta-Modeling
- Software Engineering Decision Support
- Software Engineering Education
- Software Maintenance and Evolution
- Software Process Modeling
- Software Quality
- Software Reuse
- Software Testing
- Tutoring, Help, Documentation Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSEA.

Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
