

## Special Issue on Quality Management

### Call for Papers

**Quality management** (QM) is the act of overseeing all activities and tasks needed to maintain a desired level of excellence. It has become an all-pervasive management philosophy, such as industry, service in private and public sectors including welfare and educational services. The goal of this Special Issue is to provide a platform for scientists worldwide to promote, share, and discuss various new issues and developments in the area of quality management.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **quality management**. Potential topics include, but are not limited to:

- Total quality management
- Role of quality management
- Quality management principles
- Performance measurement and management
- Quality culture and value
- Quality management models
- Quality improvement tools and techniques
- Implementation and innovation

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Quality Management**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	January 18th, 2017
Publication Date	March 2017
