## Special Issue on Global Impacts and Control Strategies of COVID-19

### Call for Papers

COVID-19 is a new and highly infectious disease. With the increase in the number of infected people, COVID-19 has made a major impact on the global economy, education, enterprises, etc. How to effectively mitigate the symptoms of COVID-19 and control its spread has become a hot research topic. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of **Global Impacts and Control Strategies of COVID-19**.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Global Impacts and Control Strategies of COVID-19**. Potential topics include, but are not limited to:

- The effect of travel restrictions on the spread of the COVID-19
- Optimal COVID-19 quarantine and testing policies
- Work, study and life
- Financial crisis and countermeasure
- Arts, entertainment and sport
- Science and technology
- Pandemics, transformations and tourism
- Consequences of school closures
- COVID-19 and mental health
- The Impact of COVID-19 on the global economy
- The Effect of COVID-19 on restaurant industry
- COVID-19 and mitigation strategies
- Influence of enterprises and countermeasures

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Global Impacts and Control Strategies of COVID-19**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	December 16th, 2020
---------------------	---------------------
