

## Special Issue on Psychology & Behavior Research

### Call for Papers

Psychology is the study of mind and behavior. Psychology is a multi-faceted subject, including many sub-fields of research, such as human development, sports, health, clinical, social behavior, and cognitive processes. The goal of this special issue is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in the area of **Psychology & Behavior Research**.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Psychology & Behavior Research**. Potential topics include, but are not limited to:

- Psychology and language
- Physiology and medical psychology
- Clinical psychology
- Health psychology
- Psychotherapy
- Drugs and behavior
- Educational psychology
- Applied psychology
- Behavior and mind
- Behavior management
- Cognition and behavior modification
- Emotional & behavioral characteristics
- Understanding statistics in psychology

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Psychology & Behavior Research**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	May 31st, 2021
Publication Date	July 2021

**Guest Editor:**
