Editor-in-Chief

Prof. Ahmed M. Attiya Electronics Research Institute, Egypt

Editorial Board

Dr. Nasimuddin Institute for Infocomm Research, Singapore

Prof. Federico Alimenti University of Perugia, Italy

Prof. Giovanni Andrea Casula University of Cagliari, Italy

Dr. Haroldo T. Hattori The University of New South Wales, Australia

Dr. Selcuk Helhel Akdeniz University, Turkey

Prof. M. Ali Hooshyar University of Texas at Dallas, USA

Dr. Miroslav Joler University of Rijeka, Croatia

Dr. Chi-Wah Kok Hong Kong Polytechnic University, China

Prof. Igor V. Minin Siberian State Geodesy Academy, Russia

Dr. Roberto S. Murphy-Arteaga The National Institute of Astrophysics, Optics and Electronics (INAOE), Mexico

Dr. Vaclav Papez Czech Technical University, Czech Republic

Dr. Peiyuan Qin University of Technology Sydney, Australia

Dr. Càndid Reig University of Valencia, Spain

Dr. Zaharias D. Zaharis Aristotle University of Thessaloniki, Greece

Dr. Domenico Zito University College Cork, Ireland

ISSN: 2329-8421 (Print) ISSN: 2329-8413 (Online)

<https://www.scirp.org/journal/ojapr>

Open Journal of Antennas and Propagation (OJAPr) is an open access journal published quarterly. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments about analysis, design, development, measurement and applications in the research of antennas and propagation.

All manuscripts must be prepared in English, and are subject to a rigorous peer-review process. Accepted papers will immediately appear online followed by printed in hard copy. The areas covered by Open Journal of Antennas and Propagation (OJAPr) include but are not limited to the following fields:

- Active and Adaptive Antennas
- Antennas Analysis and Design
- Antennas and Propagation Radiation
- Antennas Array
- Antennas Directivity
- Antennas Measurement
- Antennas Radome
- Antennas Signal Processing and Control
- Antennas Simulation
- Applications of Antennas in Propagation
- Beam Control and Steering
- Channel Modeling
- Electromagnetic Waves Propagation
- Experimental Advances in Antennas and Propagation
- Intelligent Antenna
- Method of Moment
- Microwave Antennas Techniques
- Millimeter-Wave Techniques
- Novel Antennas
- Properties and Selection of Antennas
- Radio Wave Propagation
- Theoretical Research of Antennas and Propagation
- Various Antenna Systems
- Wireless Communications

We are also interested in: 1) Short reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews—Comments and critiques.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
