Open Journal of Applied Sciences (OJAppS) is an international peer-reviewed, open-access journal publishing in English original research studies, reviews in diverse areas of applied sciences. The goal of this journal is to provide a platform for scientists and academicians all over the world to promote, share, and discuss various new issues and developments in applied sciences and to keep a record of the state-of-the-art research in related areas.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Applied Acoustics
- Applied Behavioral Science
- Applied Biochemistry
- Applied Biology
- Applied Catalysis
- Applied Chemistry
- Applied Climatology
- Applied Cognitive Psychology
- Applied Crystallography
- Applied Ecology
- Applied Econometrics
- Applied Economics
- Applied Electrochemistry
- Applied Entomology
- Applied Ergonomics
- Applied Finance
- Applied Genetics
- Applied Geochemistry
- Applied Geography
- Applied Geomatics
- Applied Geophysics
- Applied Gerontology
- Applied Ichthyology
- Applied Immunology
- Applied Intelligence
- Applied Linguistics
- Applied Mathematics
- Applied Mechanics
- Applied Microbiology
- Applied Nanoscience
- Applied Neurobiology
- Applied Ocean Research
- Applied Pathology
- Applied Pharmacology
- Applied Philosophy
- Applied Physics
- Applied Physiology
- Applied Polymer Science
- Applied Psychology
- Applied Sociology
- Applied Spectroscopy
- Applied Surface Science
- Applied Toxicology
- Applied Vegetation Science
- Mathematical Methods in Applied Sciences
- Mathematical Models in Applied Sciences

We are also interested in: 1) Short Reports—2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book Reviews—Comments and critiques.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submission, please access the website.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science, by delivering superior scientific publications and scientific information solution provider that enable advancement in scientific research.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, world-wide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
