

Special Issue on
Logistics and Supply Chain Management
Call for Papers

Logistics and Supply Chain Management is an interdisciplinary academic field that focuses on the planning, coordinating, and controlling of the movement of goods and services from suppliers to customers. It encompasses all functions related to the management of physical goods and services, including transportation, warehousing, inventory management, procurement, and customer service. The goal of Logistics and Supply Chain Management is to optimize the overall efficiency and effectiveness of the supply chain by minimizing cost, improving quality, and increasing customer satisfaction. It is a critical aspect of business operations, and research in this field seeks to identify best practices, develop innovative solutions, and improve logistics and supply chain performance.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Logistics and Supply Chain Management**. Potential topics include, but are not limited to:

- Warehousing and distribution management
- Inventory management and control
- Purchasing and procurement management
- Supplier relationship management
- Customer-relationship management
- Sustainability and green logistics
- Global logistics and international supply chain management
- E-commerce logistics
- Effective delivery
- Supply chain intelligence
- Business-process integration
- Supply chain resilience
- Demand-chain management
- Decision making technique
- Public policy and logistics
- Transportation management and optimization

Authors should read over the journal's [For Authors](#) carefully before submission.

Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Logistics and Supply Chain Management**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 10th, 2023
Publication Date	December 2023
