Open Journal of Depression is an international journal about depression. The goal of this journal is to provide a platform for social scientists and academicians all over the world to promote scholarship on depression and depression-related topics.

Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

- Animal Models of Depression
- Chronic Disease and Concomitant Depression Diagnoses
- Co-Morbidities of Obesity and Depression
- Complementary Medicine Treatment Techniques and Effect on Depression
- Depression in Children
- Depression in Elderly
- Eating Disorder and Depression
- Ecological Model of Depression
- Expressive Therapies and Depression
- Impact of Pregnancy on Depression
- Impact of Rape on Depression
- Incarceration and Depression
- Personality Disorders and Depression
- Post-Traumatic Stress Disorder and Depression
- Resiliency and Vulnerability Factors to Depression
- Role of Online Support Groups in Reduction of Depression
- Seasonal Depression
- Stress Management Strategies for Reduction of Depression
- Traumatic Illness and Depression

The Journal also publishes: 1) Short reports — 2-5 page papers in which an author can either present an idea with a theoretical background but has not yet completed the research needed for a complete paper, or preliminary data; 2) Book reviews — Comments and critiques.
