

Table of Contents

Volume 9 Number 3

July 2019

A Case Study: The Implementation of a Nature-Based Engineering Solution to Restore a *Fallopia japonica*-Dominated Brook Embankment

S. Hoerbinger, H. P. Rauch.....183

Using Biophysical Variables and Stand Density to Estimate Growth and Yield of *Pinus patula* in Antioquia, Colombia

H. I. Restrepo, S. A. Orrego, J. C. Salazar-Urbe, B. P. Bullock, C. R. Montes.....195

Estimation of Carbon Sequestration; Using Allometric Equations; in Azrou Cedar Forests (*Cedrus atlantica* Manetti) in the Central Middle Atlas of Morocco under Climate Change

M. El Mderssa, B. Belghazi, H. Benjelloun, O. Zennouhi, L. Nassiri, J. Ibijbjen.....214

Forests Policies and Programmes in India: Implications for Climate Change Adaptation

I. K. Murthy, P. Kumar.....226

Two Contemporary and Efficient Two-Stage Sampling Methods for Estimating the Volume of Forest Stands: A Brief Overview and Unified Mathematical Description

A. Georgakis, G. Stamatellos.....241

A Comparison of Two Horsechestnut Street Tree Plantings in Kiev and Pripyat, Ukraine

A. J. Downer, J. Karlik.....255
