

## Special Issue on Colitis

### Call for Papers

Colitis is the inflammation of the colon, which can be acute and self-limited or chronic. It may be caused by infections, ischemia and autoimmune reactions. Symptoms may include abdominal pain and bloating, bloody stools, chills, constant urge to have a bowel movement, dehydration, diarrhea and fever.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on exploring **Colitis**. Potential topics include, but are not limited to:

- Ulcerative colitis
- Microscopic colitis
- Diversion colitis
- Ischemic colitis
- Colitis surgery
- Enterocolitis
- Complications (such as bleeding, toxic megacolon and sore)

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue - Colitis**” should be selected during your submission.

Special Issue Timetable:

Submission Deadline	August 16th, 2016
Publication Date	October 2016
