Publication Date: September 2018

Call for Papers

Special Issue on Maternal and Child Health

In Open Journal of Obstetrics and Gynecology (OJOG, ISSN Online:
2160-8806)

Detailed information about this journal: [Indexing](#), [Editorial Board](#), [Author's Guidelines](#)

Maternal health is the health of women during pregnancy, childbirth, and the postpartum period. It encompasses the health care dimensions of family planning, preconception, prenatal, and postnatal care in order to ensure a positive and fulfilling experience in most cases and reduce maternal morbidity and mortality in other cases. Maternal health has great effects on child health and development.

We sincerely welcome scholar and expert with relative academic backgrounds to submit original research paper or review paper to this special issue on **Maternal and Child Health**. Potential topics or areas include, but are not limited to:

- Prenatal care and antenatal diagnosis
- Disorders and diseases during pregnancy
- Amniotic fluid embolism
- Gestational diabetes
- Preeclampsia
- Maternal depression and postpartum period problems
- Maternal weight management and obesity
- Maternal mortality
- Prevention of preterm birth
- Mother to child transmission of HIV
- Childbirth and cesarean delivery
- Breastfeeding
- Health problems of fetus and newborns

Submission Methods:

Submit a paper to this special issue or regular issue of our any journal via [Paper Submission System](#) or attach paper in an email sent to submission.entrance1@scirp.org (please indicate the name of our journal or special issue; any inquiry is also welcome).

Friendly tip: please bookmark this page in your web browser if you consider contributing to our journal or special issue in the near future.
