

Special Issue on Female Pelvic Medicine

Call for Papers

Female pelvic medicine is the subspecialty of obstetrics and gynecology that treats women with pelvic floor disorders.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Female Pelvic Medicine**. Potential topics include, but are not limited to:

- Pelvic floor disorders
- Pelvic organ prolapse
- Pelvic pain
- Treatment of urinary incontinence
- Urinary tract infections
- Bladder disorders
- Rectovaginal fistula
- Reconstructive surgery
- Female pelvic tumors
- Vaginal surgery

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Female Pelvic Medicine**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	February 8th, 2021
