

Special Issue on Gynecologic Oncology & Women Health

Call for Papers

Gynecologic oncology is a specialized field of medicine that focuses on cancers of the female reproductive system, including ovarian cancer, uterine cancer, vaginal cancer, cervical cancer, and vulvar cancer. As specialists, they have extensive training in the diagnosis and treatment of these cancers.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Gynecologic Oncology & Women Health**. Potential topics include, but are not limited to:

- Ovarian cancer
- Endometrial cancer
- HPV and cervical cancer
- Vaginal cancer
- Hysterectomy
- Minimally invasive surgery
- Chemotherapy
- Radiation therapy
- Immunotherapy/biotherapy
- Genetics of gynecological cancers
- Early detection and prevention
- Imaging tests
- Risk factors
- Gynecologic cancer in pregnancy
- COVID-19 and gynecologic oncology
- Primary care

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Gynecologic Oncology & Women Health**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	October 4th, 2022
