

## Special Issue on Infertility & Reproductive Medicine

### Call for Papers

"Infertility & Reproductive Medicine" is a multidisciplinary field that focuses on studying and addressing issues related to fertility and reproductive health. This topic encompasses the diagnosis and treatment of infertility, reproductive endocrinology, assisted reproductive technologies, reproductive genetics, male and female infertility factors, reproductive surgery, reproductive aging, and contraception. Researchers in this field aim to improve reproductive outcomes, develop new treatment approaches, and enhance reproductive health for individuals and couples.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Infertility & Reproductive Medicine**. Potential topics include, but are not limited to:

- Reproductive endocrinology and infertility
- Assisted reproductive technologies (ART)
- Reproductive genetics
- Reproductive surgery
- Fertility preservation
- Reproductive immunology and pathology
- Reproductive aging and menopause
- Polycystic ovary syndrome (PCOS)
- Endometriosis and reproductive health
- Reproductive disorders and therapy
- Recurrent pregnancy loss and miscarriage
- Innovative reproductive technologies

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the "**Special Issue**" under your manuscript title is supposed to be specified and the research field "**Special Issue – Infertility & Reproductive Medicine**" should be chosen during your submission.

According to the following timetable:

Submission Deadline	February 14th, 2024
Publication Date	April 2024

**Scientific Research**  
*Open Access*

**Open Journal of Obstetrics  
and Gynecology**  
ISSN Online: 2160-8806
