## Special Issue on Occupational Health

### Call for Papers

Occupational health is the subspecialty of preventive medicine which is concerned with the maintenance of health in the workplace, including prevention and treatment of diseases and injuries, with secondary objectives of maintaining and increasing productivity and social adjustment in the workplace.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Occupational Health**. Potential topics include, but are not limited to:

- Occupational diseases & injuries management and prevention
- Pain management and occupational therapy
- Environmental and occupational health
- Occupational epidemiology
- Control of occupational hazard
- Occupational hygiene & safety
- Occupational risk assessment
- Occupational and public health
- Occupational safety and health policy
- Occupational health nursing
- Mental healthcare at workplace
- Occupation and cancer risk
- Nutrition and occupational health
- Occupational health information system
- Quality of life at work
- Occupational health and safety during COVID-19

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Occupational Health**” should be chosen during your submission.

According to the following timetable:
