# Optics and Photonics Journal (OPJ)

ISSN 2160-8881 (Print) ISSN 2160-889X (Online)

[Http://www.scirp.org/journal/opj](http://www.scirp.org/journal/opj)

Optics and Photonics Journal (OPJ) is an international, specialized, English-language journal devoted to publication of original contributions in all areas of optics and photonics. The Journal disseminates new results in the theory, design, applications, fabrication, performance and characterization of optics and photonics materials including bio-related functions such as bio-optics, bio-photonics and also optoelectronics. The journal is also devoted to challenging and innovating methods and techniques related to the development of optics and photonics materials, characterization and applications.

## Subject Coverage

The journal publishes original papers including but not limited to the following fields:

- Bio-induced optical materials and applications
- Bio-photonics
- Instrumentations
- Laser spectroscopy
- Nanophotonics
- Nonlinear optics and all related associated materials and characterization techniques development
- Optical and photonics materials including photonic crystals, quantum optics, lightwave communication systems, waveguides, optical fibers, imaging processes
- Optical imaging

We are also interested in: 1) Short reports — 2-5 page papers where an author can either present an idea with theoretical background but has not yet completed the research needed for a complete paper or preliminary data; 2) Book reviews — Comments and critiques.

## Notes for Intending Authors

The journal publishes the highest quality original full articles, communications, notes, reviews, special issues and books, covering both the experimental and theoretical aspects including but not limited to the above materials, techniques and studies. Papers are acceptable provided they report important findings, novel insights or useful techniques within the scope of the journal. All manuscript must be prepared in English, and are subjected to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by prints in hard copy.
