## Special Issue on Consciousness and Unconsciousness

### Call for Papers

**Consciousness** is the quality or state of awareness or something within oneself. It has been defined as: sentience, awareness, and the ability to experience or to feel. **Unconsciousness** is a state which occurs when the ability to maintain awareness of self and environment is lost, it involves a complete or near-complete lack of responsiveness to people and other environmental stimuli.

In this special issue, we intend to invite front-line researchers to submit original research and review articles on exploring **consciousness and unconsciousness**. Potential topics include, but are not limited to:

- Philosophy of mind
- Scientific study
- Medical aspects
- Spiritual approaches
- Unconsciousness

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the re-search field “**Special Issue - Consciousness and Unconsciousness**” should be chosen during your submission.

According to the following timetable:

Manuscript Due	July 30th, 2015
Publication Date	September 2015
