

Special Issue on Depression

Call for Papers

Depression is a state of low mood and aversion to activity that can affect a person's thoughts, behavior, feelings and sense of well-being. Depressed mood is a feature of some psychiatric syndromes such as major depressive disorder, but it may also be a normal reaction to life events such as bereavement, a symptom of some bodily ailments or a side effect of some drugs and medical treatments.

In this special issue, we intend to invite front-line researchers and authors to submit original researches and review articles on exploring **depression**.

Authors should read over the journal's [Authors' Guidelines](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal at [Paper Submission System](#).

Please kindly specify the “**Special Issue**” under your manuscript title. The research field “**Special Issue – Depression**” should be selected during your submission.

Special Issue timetable:

Submission Deadline	August 20th, 2015
Publication Date	October 2015
