

Special Issue on Psychology & Behavioral Sciences

Call for Papers

The academic topic "Psychology & Behavioral Sciences" encompasses the study of human cognition, emotion, and behavior. It explores the cognitive processes, mental functions, and social interactions that shape our experiences and decisions. This field utilizes scientific methods to understand the complexities of the human mind and applies in areas including clinical practice, education, mental health, business, policy-making and social welfare.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **Psychology & Behavioral Sciences**. Potential topics include, but are not limited to:

- Applied behavior analysis
- Cognitive psychology
- Social psychology
- Developmental psychology
- Clinical psychology
- Cognitive behavior therapy
- Personality and behavior
- Educational psychology
- Industrial/organizational psychology
- Behavior and mental health
- Cross-cultural psychology
- Positive psychology
- Memory and learning
- Motivation and behavior
- Affect, behavior and cognition
- Psychological assessment
- Interpersonal behaviors and skills
- Child and adolescent psychology
- Consumer behavior and psychology

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the "**Special Issue**" under your manuscript title is supposed to be specified and the research field "**Special Issue – Psychology & Behavioral Sciences**" should be chosen during your submission.

According to the following timetable:

Submission Deadline	July 17th, 2024
Publication Date	September 2024
