Surgical Science (SS) is a peer reviewed international journal dedicated to the latest advancement of surgery. The goal of this journal is to keep a record of the state-of-the-art research and to promote study, research and improvement within its various specialties.

Subject Coverage

The journal publishes original papers including but not limited to the following fields:

Cardiothoracic Surgery	Obstetrics
Cases from Practice	Ophthalmological Surgery
Clinical Surgery	Orthopedic Surgery
Colorectal Surgery	Pediatric Surgery
Endocrine Surgery	Plastic Surgery
ENT Surgery	Reconstititional Stomatology
Experimental Surgery	Rural Surgery
General Surgery	Surgical Education
GI Surgery	Surgical Oncology
Gynecology	Urosurgery
Minimal Invasive Surgery	Vascular Surgery
Neurosurgery	

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the SS.

Notes for Intending Authors

All manuscripts submitted to SS must be previously unpublished and may not be considered for publication elsewhere at any time during SS's review period. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. Additionally, accepted ones will immediately appear online followed by printed in hard copy. For more details about the submissions, please access the website.
