## Special Issue on Green and Sustainable Economy

### Call for Papers

The **green economy** is defined as an economy that aims at reducing environmental risks and ecological scarcities, and that aims for **sustainable development** without degrading the environment. It has environmental friendly, resources efficient, and circular features.

In this special issue, we intend to invite front-line researchers and authors to submit original research and review articles on **green and sustainable economy**. Potential topics include, but are not limited to:

- Economic growth and sustainable development
- Ecological and environmental economics
- Natural resource economics
- Circular economy and waste management
- Economic benefits of renewable energy
- Sustainable transport
- Economic approaches into water management

Authors should read over the journal's [For Authors](#) carefully before submission. Prospective authors should submit an electronic copy of their complete manuscript through the journal's [Paper Submission System](#).

Please kindly notice that the “**Special Issue**” under your manuscript title is supposed to be specified and the research field “**Special Issue – Green and Sustainable Economy**” should be chosen during your submission.

According to the following timetable:

Submission Deadline	May 9th, 2018
Publication Date	July 2018
