Prof. Shaocai Yu North Carolina State University, USA

Editorial Board

Dr. Jørgen Brandt	University of Aarhus, Denmark
Prof. Chak K. Chan	City University of Hong Kong, China
Prof. Yoon-Seok Chang	Pohang University of Science and Technology, South Korea
Dr. Ke Du	University of Calgary, Canada
Dr. Jiwen Fan	Pacific Northwest National Laboratory, USA
Dr. Guobin Fu	CSIRO Land and Water, Australia
Dr. Paolo Di Girolamo	Università degli Studi della Basilicata, Italy
Dr. Yanqing Lian	University of Illinois at Urbana-Champaign, USA
Prof. Ioannis Liritzis	University of the Aegean, Greece
Prof. Junbom Park	Seoul National University, South Korea
Dr. Alessandro Pezzoli	Turin Polytechnic, Italy
Prof. Daniel Tong	US NOAA Air Resources Laboratory, USA
Prof. Ying I. Tsai	Chia Nan University of Pharmacy and Science, China
Prof. Julian Wang	US NOAA Air Resources Laboratory, USA
Prof. Tijian Wang	Nanjing University, China
Dr. Jianjun Xu	George Mason University, USA
Prof. Fangqun Yu	State University of New York at Albany, USA
Prof. Qiang Zhang	Sun Yat-sen University, China

Table of Contents

Volume 9 Number 1

January 2019

An Empirical Model for Dinitrogen Gas Emission from Inland Waters

E. Sikar, M. A. dos Santos, E. O. dos Santos.....1

Initiation of a Greenhouse Gas Monitoring System in New York City

D. St. Hilaire, P. Mercier, N. Phillip.....26

Impacts of the Sahel-Sahara Interface Reforestation on West African Climate: Intra-Annual Variability and Extreme Temperature Events

I. Diba, M. Camara, A. Diedhiou.....35

Intra-Seasonal and Annual Variation of Aerosols and Their Radiative Impact in the Sahelian Zone of Burkina Faso

B. Nébon, M. S. Dramé, S. M. Sall, K. Bruno, D. N. Niang, K. P. Florent, B. D. Joseph.....62

Two Important Features of the 156 Deadliest Tropical Cyclones (1851-1996) in the North Atlantic

B. M. Chen, J. Q. Tan, H. Y. Fan.....75

Impacts of Changes in Sea Ice and Heat Flux on Arctic Warming

Y. Cao, L. G. Bian, J. P. Zhao.....84

Source Apportionment of Air Particulates in South Africa: A Review

M. Mathuthu, V. P. Dudu, M. Manjoro.....100

Investigation of Atmospheric Turbidity at Ghardaia (Algeria) Using Both Ground Solar Irradiance Measurements and Space Data

D. Djelloul, I. Abdanour, K. Philippe, Z. Mohamed, M. Mustapha.....114

The “Ocean Stabilization Machine” May Represent a Primary Factor Underlying the Effect of “Global Warming on Climate Change”

Y. J. Mao, J. Q. Tan, B. M. Chen, H. Y. Fan.....135

Analysis of Observed and Modelled Near-Surface Wind Extremes over the Sub-Arctic Northeast Pacific

A. Kislov, V. Platonov.....146

**The Influence of Atmospheric Parameters on Production and Distribution of Air
Pollutants in Bayelsa: A State in the Niger Delta Region of Nigeria**

E. I. Njoku, O. E. Ogunsola, E. O. Oladiran.....159

Perceptions on Floods by the Population Residing in the Watershed of Ribeirão Garcia, Brazil

B. P. D. Krambeck, L. Carlos.....172

Subject Coverage

This journal invites original research and review papers that address the following issues. Topics of interest include, but are not limited to:

ACS aims to rapidly publish original scientific papers in all the fields of applied and/or climate atmospheric science. It covers the latest achievements and developments in the applied climate and atmospheric sciences, including but not limited to the following scopes as well as the theoretical and practical aspects of these disciplines:

- Agricultural climatology
- Air chemistry and the boundary layer, clouds and weather modification
- Air quality, atmosphere & health
- Applied meteorology
- Atmospheric acoustics, electricity, optics, physics, radiation and sounding
- Atmospheric and oceanic physics
- Atmospheric and solar-terrestrial physics
- Atmospheric chemistry
- Atmospheric environment
- Aviation climatology
- Biometeorology
- Building climatology and forestry climatology
- Climate change and broadcast meteorology
- Climate dynamics and variability
- Climate policy
- Clouds and precipitation physics
- Cosmical meteorology
- Dendroclimatology
- Dynamics of atmospheres and ocean
- Hydrology, oceans and atmosphere
- Hydrometeorology
- Marine meteorology and meteorology-associated geophysics
- Medical meteorology and medical climatology
- Meteorological, climatological and atmospheric environmental issues
- Navigation climatology
- Phenology and paleoclimatology
- Polar meteorology
- Radar meteorology and radio meteorology
- Remote sensing
- Satellite meteorology and synoptic meteorology
- Theoretical and applied climatology
- Tropical meteorology
- Weather systems, numerical weather prediction

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **ACS**.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.

What is SCIRP?

Scientific Research Publishing (SCIRP) is one of the largest Open Access journal publishers. It is currently publishing more than 200 open access, online, peer-reviewed journals covering a wide range of academic disciplines. SCIRP serves the worldwide academic communities and contributes to the progress and application of science with its publication.

What is Open Access?

All original research papers published by SCIRP are made freely and permanently accessible online immediately upon publication. To be able to provide open access journals, SCIRP defrays operation costs from authors and subscription charges only for its printed version. Open access publishing allows an immediate, worldwide, barrier-free, open access to the full text of research papers, which is in the best interests of the scientific community.

- High visibility for maximum global exposure with open access publishing model
- Rigorous peer review of research papers
- Prompt faster publication with less cost
- Guaranteed targeted, multidisciplinary audience
