# Journal of Software Engineering and Applications (JSEA)

**ISSN 1945-3116 (print) ISSN 1945-3124 (online)**  
**[www.scirp.org/journal/jsea](http://www.scirp.org/journal/jsea)**

**JSEA** publishes four categories of original technical articles: papers, communications, reviews, and discussions. Papers are well-documented final reports of research projects. Communications are shorter and contain noteworthy items of technical interest or ideas required rapid publication. Reviews are synoptic papers on a subject of general interest, with ample literature references, and written for readers with widely varying background. Discussions on published reports, with author rebuttals, form the fourth category of JSEA publications.

## Subject Coverage

All manuscripts must be prepared in English, and are subject to a rigorous and fair peer-review process. Accepted papers will immediately appear online followed by printed hard copy. The journal publishes original papers including but not limited to the following fields:

Automated Software Design and Synthesis  
 Automated Software Specification  
 Component-Based Software Engineering  
 Computer-Supported Cooperative Work  
 Formal Methods  
 Knowledge Acquisition  
 Object-Oriented Technology  
 Patterns and Frameworks  
 Process and Workflow Management  
 Program Understanding Issues  
 Programming Languages and Software Engineering  
 Reflection and Metadata Approaches  
 Reliability and Fault Tolerance

Requirements Engineering  
 Reverse Engineering  
 Software Architecture  
 Software Design Methods  
 Software Domain Modeling and Meta-Modeling  
 Software Engineering Decision Support  
 Software Engineering Education  
 Software Maintenance and Evolution  
 Software Process Modeling  
 Software Quality  
 Software Reuse  
 Software Testing  
 Tutoring, Help, Documentation Systems

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the JSEA.

## Notes for Prospective Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
