

TABLE OF CONTENTS

Volume 5 Number 12

December 2013

Assessment of Sedimentation Impacts on Small Dams—A Case of Small Reservoirs in the Lotsane Catchment

B. F. Alemaw, M. Majauale, T. Simalenga.....1127

Germicidal Action of Some Metals/Metal Ions in Combating *E. coli* Bacteria in Relation to Their Electro-Chemical Properties

A. J. Varkey, M. D. Dlamini, A. B. Mansuetus, A. T. Tiruneh.....1132

Water Turbidity as One of the Trophic State Indices in Butrinti Lake

V. Çako, S. Baci, M. Shena.....1144

Evaluation of C and P Factors in Universal Soil Loss Equation on Trapping Sediment: Case Study of Santubong River

K. K. K. Kuok, D. Y. S. Mah, P. C. Chiu.....1149

Abatement of Helminth Eggs and Bacterial and Viral Indicators in Soil after Land Application of Treated Sludges

C. Campos, M. Beltrán, M. Duarte, L. Medina, F. Lucena, J. Jofre.....1155

Identification of Water Quality Model Parameter Based on Finite Difference and Monte Carlo

D. G. Shao, H. D. Yang, B. Y. Liu.....1165

Geological Control upon Groundwater Flow and Major Ion Chemistry with Influence on Basin Management in a Coastal Aquifer, South Australia

N. Somaratne, J. Frizenschaf.....1170

Characterization of the Origin of Pollutants in Groundwater from Biostatistical Tests: The Case of Catchment Ehania, South-Eastern Côte d'Ivoire

B. Dibi, A. B. Konan-Waidhet, F. K. Konan, C. S. Yao, A. K. Zilé, I. Savané, D. Gnakri.....1178

Water Quality from the Purification Unit of Thiakhar (Diourbel, Senegal) and Impact of Discharges from Treatment on Water Resources

C. H. Kane, M. Diène, B. Sarr.....1186

Characterizing, Monitoring and Forecasting of Drought in Jordan River Basin

K. Shatanawi, M. Rahbeh, M. Shatanawi.....1192

Review of Ecological Floating Bed Restoration in Polluted Water

Y. Deng, F. Q. Ni.....1203

A Modified Combined Approach Framework of Climate Impact and Adaptation Assessment for Water Resource Systems Based on Experience Derived from Different Adaptation Studies in the Context of Climate Change

G. D. Kale.....1210

Feasibility Study of Boreholes Hand Drilling in Senegal —Identification of Potentially Favorable Areas

C. H. Kane, F. Fussi, M. Diène, D. Sarr.....1219

TiO₂ PC500 Coated on Non Woven Paper with SiO₂ as a Binder-Assisted Photocatalytic Degradation of Reactive Black 5 in Aqueous Solution

T. Kodom, A. Dougna, I. Tchakala, M.-E. D. T. Gnazou, G. Djaneye-Boundjou, M. L. Bawa.....1227

**Health Hazards among Coastal Villagers of Pakistan Due to Arsenic Contaminated
Drinking Water**

S. S. Ali, N. Karim, A. B. Munshi, I. Siddqui, F. A. Khan.....1235

**Evaluation of the *Opuntia dillenii* as Natural Coagulant in Water Clarification: Case of Treatment
of Highly Turbid Surface Water**

Y. A. E. I. Nougbodé, C. P. Agbangnan, A. Y. Koudoro, C. A. Dèdjiho, M. P. Aïna, D. Mama, D. C. K. Sohounhloué.....1242

**Spatial Estimation of Soil Erosion Risk Using RUSLE Approach, RS, and GIS Techniques: A Case
Study of Kufranja Watershed, Northern Jordan**

Y. Farhan, D. Zregat, I. Farhan.....1247

Improved Water Use Estimates for Drilling and Hydraulic Fracturing in Northeastern Colorado

S. Goodwin, K. Carlson, B. Bai, L. Rein, K. Knox, C. Douglas.....1262

The figure on the front cover is from the article published in *Journal of Water Resource and Protection*, 2013, Vol. 5, No. 12, pp. 1127-1131 by Berhanu F. Alemaw, Malebogo Majauale and Timoty Simalenga.
