Journal of Environmental Protection (JEP)

ISSN: 2152-2197(Print) ISSN: 2152-2219(Online)

<http://www.scirp.org/journal/jep>

JEP is an international refereed journal dedicated to the latest advancement of Environmental Protection. The goal of this journal is to keep a record of the state-of-the-art research and promote the research work in these fast moving areas.

Editors-in-Chief

Dr. Qingren Wang

University of Florida, USA

Prof. Thangarasu Pandiyar

National Autonomous University of Mexico (UNAM), Mexico

Subject Coverage

This journal invites original research and review papers that address the following issues in Environmental Protection. Topics of interest include, but are not limited to:

● Air pollution monitoring and modeling	● Land pollution and its effects on health
● Air pollution prevention and control	● New wastewater treatment technologies
● Air quality measurement and management	● Methods of monitoring water quality
● Chemical pollutants and its effects on health	● Modeling and measuring of water pollution
● Ecosystem restoration	● New water purification technologies
● Effects of air pollution on public health	● Purification of drinking-water supplies
● Environmental policy	● Radiation safety in atomic industry
● Environmental toxicology	● Risk assessment of contaminated environments
● Food and drug safety control	● Solid waste management
● Global climate changes and human health	● Sources of air pollution
● Global climate change and air pollution	● Treatment, disposal and discharge of wastewater
● Ground water pollution control	● Urban/indoor air pollution and control
● Hazardous materials management	● Water resources and quality assessment
● Hydrobiology and water pollution	● Water resource protection and sustainable use

We are also interested in short papers (letters) that clearly address a specific problem, and short survey or position papers that sketch the results or problems on a specific topic. Authors of selected short papers would be invited to write a regular paper on the same topic for future issues of the **JEP**.

Notes for Intending Authors

Submitted papers should not have been previously published nor be currently under consideration for publication elsewhere. Paper submission will be handled electronically through the website. All papers are refereed through a peer review process. For more details about the submissions, please access the website.
